## Cloud Dough (Sand)

### What you need:

- 4 cups of flour
- Glitter *(optional but will make dough sparkle)*
- Food colouring *(optional)*
- 1 cup of baby oil

### What to do:

Add into a bowl and mix until it gives a consistency of pastry. This when used will be like wet sand.

*Tip: Use empty yogurt pots to make sandcastles!*

## Fizzy Magic Sand

### What you need:

- Play sand
- Baking soda
- Food colouring
- Vinegar (in squeezey/trigger bottle)
- Cold water
- Basin

### What to do:

Mix the play sand and one box of baking soda in the basin (The more baking soda that is used the more magic there will be!). Add a small amount of water at a time until it feels like wet sand. Build a few sandcastles.

To make the magic: add food colouring to the vinegar and spray onto your sandcastles, this will make them fizz!
