Dear Parents and Carers.

Please find enclosed the Learning Programme for your child. We know that home schooling very difficult for parents and so we have thought hard about how we can make it as easy to access and logical as possible while also providing your child with appropriate progression opportunities.

As you will see, there is a timetable with suggested times and durations for tasks. These are guides for you, designed to help and not bind you and of course you have flexibility to suit your circumstances. The learning units comprise either hard copy worksheets or internet resources (specified by each lesson). There are also 'live join the teacher' moments throughout the week. We have then given you an idea of what the evidence of success or attempt might be: hopefully, you will find that these are things you can do as we would really appreciate your support in tracking your child's progress.

If you can either upload these things onto Earwig (there is a how-to video on our website) or send them by e-mail to the class teacher, we would be immensely grateful

The final column is very important feedback for us to be able to modify what we provide you and your child within following weeks. Do please underline or highlight however many of the words / phrases apply and we will take note.

On our website these are lots of other ideas you may want to dip in and out of to suit. We have also given you details of the key subjects' topics that we are covering this half-term so that you might opt to find movies or activities that feature those subjects to enhance the learning even further (optional).

Finally, this ½ terms whole school Topic is 'Hobbies and Interests' so we would love to hear about anything at all that fits into this category.

Someone from the class team will call you every Monday to see how things are going. Please do contact us if you need any help with the programme or indeed with anything else at all, from extra school work or welfare issues to FSM vouchers: we are not all together in school, but are still here to support all of our families.

Take care, stay safe and we look forward to seeing you all again soon.

Kind regards

Yours sincerely

Hazel Simmons
